

WRCC August 26, 2021

Meeting called to order at 7:13 pm by Matt Kelley at Chapin Park

NOTE: NO MINUTES WERE DONE FOR JULY 22, 2021

Treasurer's Report: \$2,950.99

Old Business:

2021 Contests: Quickie 400 – [Sep 24-26, 2021](#)

Club members decided to give a GIFT CARD of \$200.00 to Kevin Riedl for all of his continuous work he does for our club and never takes pay for it (maintenance on all of the mowers, poured concrete ramp for mowers, etc.)!

New Business:

>>>>60TH ANNUAL Auction Date has been changed to [FEBRUARY 12, 2022](#)

Matt checked with park personal about fixing the broken picnic tables. Park said no money to fix the tables so the club will fix them ourselves.

Our post office box is \$227.00 a year and has been paid for 2021.

Vince has sorted 98% of all of Lynn's RC items. Next step is to determine what we can put in the auction or sell before the auction. Need to determine what is trash that needs to be gotten rid of due to being unsellable.

>>>>SEPTEMBER R/C EVENTS TO ATTEND (ALL ARE SAME DAY – SEPT 11TH<<<<

See following page for all the events.

Next meeting [Sept 30, 2021 \(last Thursday of month\)](#) Chapin Park at 7:00 pm

RC Flyers!!! Help Support the EAA's 'Young Eagles' Program!! The Wellington, KS EAA Chapter 1631 is having its annual Fly-In on Saturday, September 11, 2021!!

The Fly-In will be held at the Wellington Airport (KEGT). The day will start at 7:00 a.m. with a Pancake Breakfast (pancakes, eggs, bacon, etc.). The chapter requests a \$7 donation for breakfast. There will be a 'Bounce House' for the young folks. There will be food trucks at lunch time. The day will be filled with airplanes from Oklahoma, Kansas, and maybe Texas. We expect 30 – 40 aircraft at the Fly-In of all types – home-built, factory built, Light Sport Aircraft, Ultralights, maybe some helicopters – and who knows what else may show up!! But, most importantly, the EAA Chapter is heavily involved with the National EAA Young Eagles Program. The Chapter supports the Young Eagles by having Chapter aircraft owners volunteer to take Young Eagles up for a ride and show them what it is like to fly in a small airplane – generate interest in aviation. In 2019, the last year for the Fly-In, there were over 80 Young Eagles who were able to experience flight for, perhaps, the first time! THIS IS WHERE YOU COME IN!! We would like to have YOU join us!! Bring your RC airplanes and fly them at the Airport! 'Unique' planes would be especially welcomed!! Please contact Matt Wiebe, the EAA Chapter 1631 President and the Wellington Airport Manager, if you can attend. Text him if you can support this worthy cause: 1-620-440-2213
